EXECUTIVE SUMMARY

The University of South Carolina's budget process is a comprehensive planning effort representative of the vision of the University to provide research, teaching, and service for the citizens of the State of South Carolina. The process involves participation beginning at the department level and reaching out to all System Institutions as we develop budgets which will reflect the investments identified to significantly enhance our academic reputation, benefit our students, and contribute to the economic and societal health of our state.

The budget presented herein is based on the best information currently available. The University of South Carolina is in a sound financial and budgetary position. We have adequate cash on-hand for current and special one-time future expenses. We have uncommitted current and future revenues. Major capital projects, such as the Health Sciences Campus, as well as large renovations to identified academic buildings and auxiliary structures are planned and funded. Revenue generation is steady.

Moody's Investor Services has rated USC debt at Aa2 and has provided the outlook for USC as stable. USC Columbia expects to begin FY2026 with unrestricted carryforward budget balances of an estimated \$213 million in academic units and an estimated \$488 million in administrative support units (of which approximately \$160 million is available for the President's strategic one-time commitments). Similarly, restricted funds remain in balance, and auxiliary funds for bookstores, housing, parking, and student health continue to post positive gains.

FY2026 represents the seventh year in a row of tuition freezes for undergraduate resident students. The Columbia undergraduate nonresident rate will increase by a modest 3%. Additionally, a new \$150/term required Athletics auxiliary fee will be assessed to support the strategic direction of the program and to improve student experience. Enrollment for FY2026 will continue to grow with exemplary retention rates and another record-breaking freshman class. Evidence consistently shows the University of South Carolina meets high quality academic delivery standards by prioritizing its dollars on student instruction and student experience.

While the University will continue to have cash and unrestricted resources to support new initiatives and will always have a strong ability to generate revenue, it will be increasingly important to monitor an uncertain economic and political climate while continuing to carefully manage expenses. With strong leadership from our President that cultivates a unified direction embraced by the Trustees, the President's leadership team, and the University community at-large, the University is poised to overcome environmental challenges.

PROPOSED BUDGET for FISCAL YEAR 2025-2026

VII. APPENDICES

- ▶ Model Allocations
- ▶ Glossary of Accounting Terms
- ▶ Budget Reporting Category Descriptions
- ▶ Funding Recommendations
- ▶ Non-Current Funds
- ▶ State Budget Process
- ▶ Delegation of Authority

Appendix 1 - Tuition

FY26 Recurring Budget amounts represent actual revenue from the prior fiscal year (i.e., FY2025) and are allocated in accordance with the University's Budget Model. Appendix 1 includes the Fall/Spring budget totals for each tuition category (i.e., UG Resident, UG Non-resident, Graduate, and Support). Additionally, Appendix 1 includes the allocation of graduate tuition (70% according to the College of Instruction / 30% according to the College of Record). See Appendix 2 and 3 for the allocation of undergraduate resident and non-resident tuition.

Estimated FY26 Total amounts represent estimated FY2026 revenues based on changes to enrollment and/or tuition rates. Actual FY26 revenues will be incorporated into the FY27 Recurring Budget and allocated during the subsequent fiscal year. FY26 Fall and Spring tuition estimates are modeled using enrollment projections and/or input from The Office of Enrollment Management.

Appendix 4 - Participation Fee

Academic units are charged a participation fee, or tax, on unrestricted tuition, general state appropriations, indirect cost recovery (IDC) and sales, services, and other revenue. The participation fee generates a source of funds for subvention and strategic initiative funding (SIF). A portion of the Participation Fee applied to IDC (8%) is allocated to support centrally managed research investments.

Appendix 15: Prior Year Salary & Fringe Allocations

NOTE: *Since general state appropriations are allocated one year in arrears, state funding for mandates will not be incorporated into the budget model during the initial year in which mandate-related expense increases are incurred. Instead, these costs will be temporarily covered on a one-time basis through budget transfers (see Appendix 10). In the subsequent budget cycle, general state appropriations will flow to academic units via the budget model, replacing the budget transfer and providing ongoing funding for the increased expense. However, since FY2026 is the first year under the updated funding methodology, funding for prior-year salary and fringe increases has already been addressed. Therefore, Appendix 15 will not be applicable until FY2027.*

Appendix 16 - Subvention

The concept of subvention recognizes that not all colleges will have adequate resources to support their costs due to discipline-specific circumstances of pedagogy, accreditation requirements, space/equipment needs, etc. Recognizing the mission and strategic importance of offering a comprehensive array of academic programs and services, subvention provides a “rebalancing” among various colleges by shifting resources available from those able to make contributions to those requiring additional support. The source for subvention funding is the participation fee.

The University of South Carolina is in sound financial position with a purposeful budget plan focused on the Strategic Mission of the University: Reimagining the Student Experience, Increasing Research and Scholarship, Transforming Service Delivery and Promoting Operational Excellence. We have adequate cash on-hand for current and special one-time future expenses. We have uncommitted current and future revenues. Major capital projects, such as the Health Sciences Campus, as well as large renovations to identified academic buildings and auxiliary structures are planned and funded. Revenue generation is steady.

Moody's Investor Services has rated USC debt at Aa2 and has provided the outlook for USC as stable. USC Columbia expects to begin FY2026 with unrestricted carryforward budget balances of an estimated \$213 million in academic units and an estimated \$488 million in administrative support units (of which approximately \$160 million is available for the President's strategic one-time commitments).

FY2026 represents the seventh year in a row of tuition freezes for undergraduate resident students. The Columbia undergraduate nonresident rate will increase by a modest 3%. Additionally, a new \$150/term required Athletics auxiliary fee will be assessed to support the strategic direction of the program and to improve student experience. Enrollment for FY2026 will continue to grow with exemplary retention rates and another record-breaking freshman class.

The State of South Carolina implemented a "tuition mitigation" strategy beginning in FY2020. Here the General Assembly appropriates annual recurring dollars sufficient to fund the state mandated cost increases such as cost of living adjustments, health insurance increases, and retirement contributions. Overall, appropriations have provided adequate funding for these cost increases.

IPEDS data shows that the University of South Carolina's administrative cost per student is below the averages of peer and peer aspirant groups, and the ratio of administrative costs to instructional costs per student at the University of South Carolina also compares favorably to peers and aspirants. Put simply, we have a history of being administratively "lean" despite growing demands and expectations for administrative services. This lean reality has led to growing demands for investment in core activities involving faculty, academic programs and research, information technology, basic admin services, student scholarships and services, and safety.

APPENDIX 23

UNIVERSITY OF SOUTH CAROLINA OVERVIEW OF STATE BUDGET PROCESS

The state budget process involves communicating to the South Carolina Executive Budget Office (EBO), the Governor's Office and the S.C. State Legislature, the institution's plans and associated fiscal needs. In the Fall, in advance of the applicable fiscal year, information is gathered for the Agency Budget Plan. This document contains figures for both the existing budget, positions (FTEs) and any requests for additional funding and positions.

Using the budget requests received from state agencies, the Governor's Office prepares a state budget that is submitted to the state legislature. The legislature may act upon the budget presented by the Governor, modify it, or develop its own budget. Budget hearings are held by the Governor's Office and legislative committees (the House Ways and Means Committee and the Senate Finance Committee). As the budget moves through the process, it may be modified and revised based on updated revenue forecasts and other considerations.

The University Budget Director reviews the versions of the appropriations bill as it is updated during the legislative session each year. Changes impacting USC are noted and communicated as considered appropriate. Liaison is also maintained with the Government and Community Relations Office and others in state government to stay abreast of legislation applicable to state agencies and USC specifically.

Once the appropriation bill is passed by the S.C. Legislature, the amounts approved for each agency becomes its authorized level of spending for all fund sources, including federal and other (non-state) fund sources.

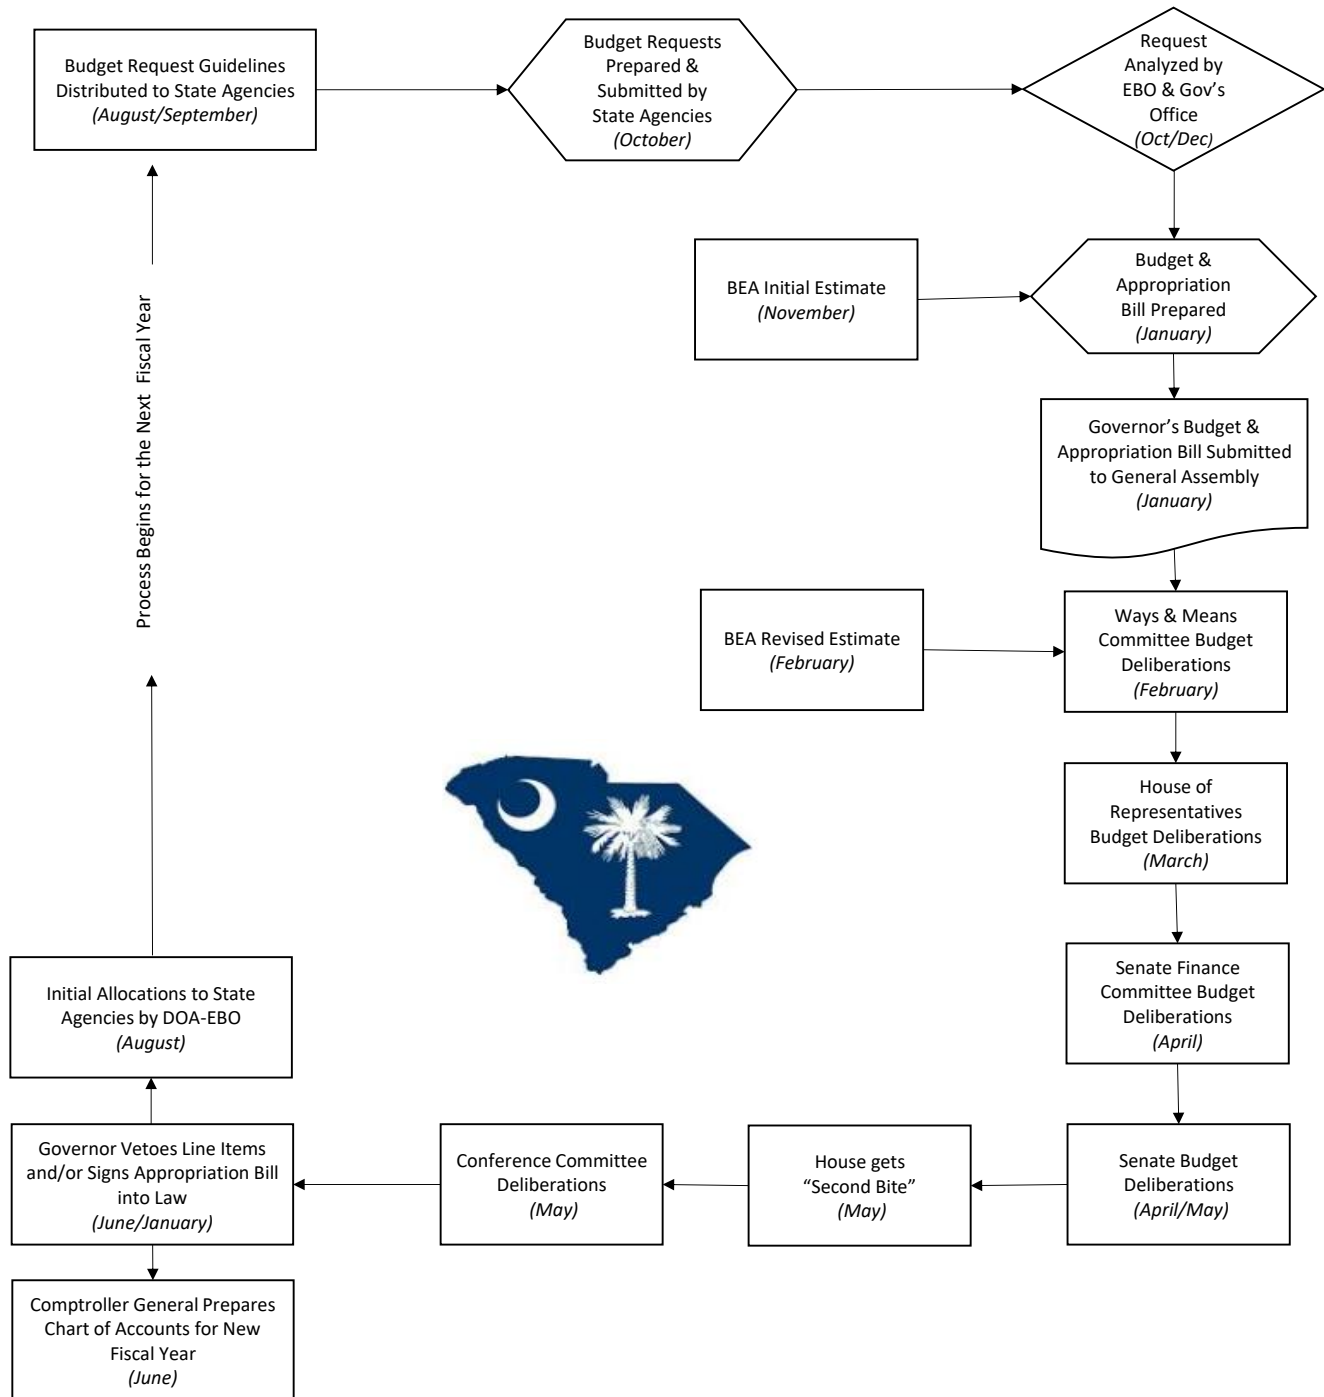

If, during the fiscal year, an agency projects expenses for federal and other funds in excess of estimates reflected in the detailed budget requests submitted to the state, an additional request to increase the authorized level of spending must be approved by the state before expending the additional funds. Therefore, it is very important for federal and other fund sources to be estimated as accurately as possible when preparing the detailed budget requests to the State.

The University generally knows its state appropriations in June for the fiscal year beginning July 1. The amount of the appropriation is maintained for the year, unless shortfalls between the state's revenue estimates and revenues collected, cause the EBO to impose budget cuts during the fiscal year.

Besides funding, another item that is authorized by the appropriation process is the number of Permanent FTE positions for each state agency. New permanent positions requested must be included in the budget request. This applies to all permanent positions, regardless of the funding sources.

According to the SC Appropriations Act (PART1B Section 117-X900 General Provisions 117.14) "the Executive Budget Office shall maintain and make, as necessary, periodic adjustments thereto, an official record of the total number of authorized full-time equivalent positions by agency for state and total funding sources." To accomplish this, each year in August, the total number of permanent positions authorized must be established and reconciled between USC and the State Office of Human Resources Management. USC Human Resources provides the information for the FTE reconciliation.

APPENDIX 24**UNIVERSITY OF SOUTH CAROLINA
DELEGATION OF AUTHORITY TO THE ADMINISTRATION OF THE UNIVERSITY
FISCAL YEAR 2025-2026**

In approving this budget, the Board of Trustees recognizes that the amounts shown as revenue are estimates and are subject to changes, and that the amounts shown for expenditures are a reflection of plans and workload estimates as of the time the proposed budget was prepared. The Board further recognizes that each day may bring new challenges and developments requiring adjustments in plans, programs, estimates and budget items. To provide for continuity and essential flexibility in operations, the Board of Trustees reaffirms for Fiscal Year 2025-2026 the delegation of necessary authority to the President to act in all matters, and to the Chief Financial Officer to act in fiscal, contractual and other business matters, including authority in the following areas:

- To negotiate and make timely changes in contracts;
- To approve transfer of revenue and expenditures of funds of the General Appropriation Act to be retained at the Institution;
- To adjust operating, permanent improvement and other income and expenditure items; and
- To take such other actions considered necessary in fiscal, contractual and other business matters in response to changing conditions and estimates.

The Chairman of the Board, the Finance & Infrastructure Committee, and the Executive Committee of the full Board are to be consulted for further specific directions and approval, as conditions appear to warrant.
