

UNIVERSITY OF
SOUTH CAROLINA

**10% off the
purchase
of hearing
aids**

Life's greatest moments are filled with the wonders of sound: a baby's cry, a bird's song, a quiet whisper. Don't let a hearing loss stop you from experiencing all the wonders life has to offer. Now is the time to discover the latest in hearing technology.

We take pride in providing you with great services and superior products. As part of our commitment to satisfying your needs, we proudly offer audiological services and hearing instruments. Your participation in the fitting process lets our audiologists quickly and precisely fit the instruments for your hearing loss.

Successful hearing aid users understand how the ears and brain work together. That's why we provide you with a complete hearing evaluation by a licensed audiologist who will take the time to explain the test results to you and your loved ones. We will be able to not only determine whether hearing instruments can increase your ability to hear more clearly, but we will also be able to fully explain how instruments work and what benefits you can expect from wearing them.

**USC Employee hearing aid benefit is 10% off of the
purchase price of hearing aids.**

CALL: 803-777-2717 to make an appointment for a
complimentary hearing evaluation and consultation
with one of our licensed audiologists.
